

PLATEAU ELECTRIC COOPERATIVE

POLICY NO. B6

SUBJECT: UNDERGROUND PRIMARY ELECTRIC SERVICE

POLICY:

Any new consumer desiring underground primary service shall be required to furnish, at no cost to the Cooperative, the required trench to the specifications of the Cooperative and pay to the Cooperative in-advance-of-construction the estimated cost difference between the total cost of underground service and the Cooperative's net cost of overhead service (defined as a total cost of overhead service less any applicable contributions-in-aid-of-construction required of the customer by Policy #B3, Line Extensions).

Any existing consumer desiring underground primary service shall be required to furnish, at no cost to the Cooperative, the required trench to the specifications of the Cooperative and pay to the Cooperative in advance of construction the remaining estimated cost difference between the cost of underground and overhead service plus the unrecoverable cost on the existing overhead service to be retired.

Adopted: 05/22/03

Effective: 07/14/03
